

The LMFx Deposit Match Bonus

1. Introduction

By entering this program, the Client acknowledges that he has read, understands and agrees to be bound by these "Deposit Match Bonus Terms and Conditions" as well as by the "Account Opening Agreement" and "Terms of Business".

2. How it works

Each Client depositing at least 100 USD as a first time deposit into his trading account can take advantage of our "Deposit Match Bonus".

After registration to this program and depositing the funds from the LMFx wallet account into the LMFx MT4 trading account, the same amount as deposited (matching) will be assigned to the Client's Deposit Match Bonus trading account.

The funds attached to the trading account as Deposit Match Bonus are available to increase the trading funds available and help in leveraging the account. They may not be lost.

During the trading activities of this account, if specific volume trading requirements are met, the Client may claim the Deposit Match Bonus to be paid off.

Calculation:

The following formula is used to determine the volume requirements:

$\text{Bonus sum} / 2 = \text{Number of lots}$

Example: You (the Client) deposit 200 USD as your first deposit. You will receive another 200 USD as the "Deposit Match Bonus". You have to trade the volume of 100 lots (only closed deals are taken into account). After successful trading of 100 lots you are allowed to withdraw the bonus. From there, usual withdrawal procedures will apply.

Attention: For trading on Indices, U.S. Shares, Gold and Oil transactions, 1 lot traded counts as 0.1 lot towards completing the bonus volume requirements. For U.K. shares 1 lot traded counts as 1/1000 lot towards completing the bonus volume requirements.

3. Conditions:

- To be able to receive the "Deposit Match Bonus", Clients have to register via their LMFx client area.
- The promotional period for this Deposit Match Bonus program will run from 1 st of September 2015, onwards. There is no time limit for the completion of the bonus volume requirements.
- The Deposit Match Bonus only applies on new deposits of a minimum 100 USD.
- Only one Deposit Match Bonus account can be opened per Client. The maximum amount that can be active in this Deposit Match bonus promotion is 30,000 USD.

- Only trades that have a 3 pip difference between open and close price are counted towards the volume requirements.
- If the volume requirements are not completed, then the 100% Credit Bonus can only be used for credit purposes.
- If volume requirements are not met and the equity of the Client's account goes below the Deposit Match bonus amount, then the bonus is removed automatically by the system. In other words, if the Cash Equity (Equity - Credit Bonus) becomes zero or less, all previously awarded Credit Bonuses will be canceled and withdrawn from the respective Client's account. In this case the Company is not responsible for any consequences of the bonus cancellation, including, but not limited to, order(s) closure by Stop Out.
- Once the volume requirement is completed by the Client, they need to send an email to support@lmfx.com and request the bonus to be released. Once the release request has been verified the funds status will change from Deposit Match Bonus to Deposit Match Cash allowing the Client to lose or withdraw the funds.
- After the volume requirements are met, a three (3) month time period starts in order to claim the bonus to be paid off. Failure to do so within the above mentioned time frame will annul the Client's right to claim the bonus.
- When a Client makes a withdrawal from his account, he will be subject to a proportionate removal of the bonus amount awarded. The formula used in this system is: WITHDRAWAL AMOUNT X 1 (100%)

Example: If a Client withdraws 100 USD from the account, 100 USD will be subtracted automatically from the Deposit Match Bonus amount, previously claimed and awarded.

- Internal funds transferred between trading Accounts within the Company are considered as withdrawals. It means that Bonus removal will be applied if the amount being transferred out from the Deposit Match Bonus account is from the original balance, that was awarded a respective bonus.
- Credit Bonuses can not be transferred between, or from Clients' trading Accounts within the Company.
- In the case of selecting the 100% Credit Bonus there is no margin call alert.
- The Client can not switch between bonus programs, but he can request change of bonus scheme via email to support@lmfx.com. In such event all active bonuses will be removed.
